WEDNESDAY, MAY 15, 1907.

Go to the Reunion.

No Ex-Confederate soldier should fail to attend the reunion at Richmond, which begins on the 30th of this month. It may be the last chance to exchange greetings with old comrades. It may be the last chance to answer the roll call. It may be the last chance to look upon the forms and features of beloved Commanders as they are presented in bronze. It may be the last chance to unite with a great body of fellow soldiers in doing honor to a cause for which you willingly offered your lives and your sons. It member that the reunion is to take place in the beloved Capital City of the Confederacy about which the tide of battle rose and fell on the tides of old ocean when stirred by mighty storms, the one prize upon which the eye of the enemy was steadily and eagerly fixed, and which when won meant the death of the Confederacy. Go by all means go, and return to your homes refreshed and ready for better work.

It is time that candidates for Legislative honors in Virginia were expressing themselves on the Jim Crow law as applied to railway depots. Lynchburg, Appomattox and all other places where the mingling is still allowed need cleaning up, and think not that we care less for negroes but more for white folks. The former have their own schools and own churches, and now let them have their designated apartments at the depots. Birds of a feather ought not to object to flocking together.

Captain T. W. Scott, of Drakes Branch, Charlotte county, was here Monday shaking hands with people and telling that his county had endorsed him for the Senate. Capt. Scott, we believe is the only Confederate veteran in the fight, and it is well-nigh impossible to get a veteran to vote against one of his comrades in arms. Capt. Scott is an affable gentleman, with legislative experience and with his county strongly urging his nomination, he will be hard to beat.

Governor Swanson felt keenly the sting of defeat when Ex-Governor Montague won over him, but how much better to be Virginia's Governor in the Exposition year than in time of profound quiet, and then the vanquished one had two more terms of Congressional life and is still a young man to be Governor. So after all the beating was a great blessing.

Mr. W. D. Patteson, a son of the old war-horse, Hon. Camm Patteson, has announced himself a candidate for the Senate from the counties of Albemarle and Greene, subject to the action of the Democratic party. Mr. Patteson is a good "mixer" and will take well with the people. He is a lawyer of ability and enjoys the confidence of his people to a very large extent.

We have often remarked upon the fact that successful men are succesful borrowers of money and the same is true of corporations. The Jamestown Exposition is now an assured fact and for the one reason that a loan could be negotiated.

Ten knots an hour and under the water is the latest. Now for a record breaking trip up in the air. It's coming and you had as well steady your nerves for the first call.

And now Jno. S. Wise has had the "cheek" to say in a public speech delivered at Indianapolis that the Republican party is a State right's party. The aforesaid John, or its exponent, tried to establish a kind of black flag right in Virginia, but failed ignominious and we utter a loss to know what he is after just now.

The Richmond Evening Journal says of the "man who steers." "He would sneer at the blue sky if the blue sky would pay any attention to him—but it doesn't. It just keeps on being blue and cheerful and sunny, and looks down at him as indifferently as an elephant might look down at an atom."

The Governor of Florida advises that the State go into the insurance business. Why not abolish family government and let the states and general government undertake the whole thing? All we ask of the authorities at Richmond and Washington is just good public highways.

President Roosevelt has said that he will not make another speech before September, and our hope is that during the quiet stay at Oyster Bay he may have time to think over the injustice done the South in not having a representative of that great section in his cabinet.

The Virginia Editors will meet at the Jamestown Exposition on the 10th of June, when they expect to have President Roosevelt and other distinguished men to address them. No Editor can afford to miss a meeting such as this promises to be.

If the society women of Washington demand that wine be excluded from their banquets, balls and other functions it is about time to make it unanimous. There shouldn't be a "wet" spot left in the land.

If our farmers learn to make one man do the work of ten, and that's what Mr. T. O Sandy has already accomplished, the labor problem will be greatly simplified. We repeat, that men can not afford to work poor land, and all of our lands can be enriched.

Even up in Boston we are told that the statement goes without challenge that the Republicans made one big mistake in enfranchising the negroes of the South. It was more than a mistake. It was a crime with malice as its foundation.

They now tell us that Mr. T. F. Ryan is bidding for the Presidency. No objection on our part. A man who manages his own business successfully can be entrusted with that of the people.

It is said that Mr. Thomas F. Ryan has given $1,000,000 in helping hospitals, schools and churches, and that she is so busy looking after her charities that she has no time to devote to society. Noble woman.

Most of the visitors to the Exposition will have to "take to water," as land transportation will be frightfully inadequate, but after all there is no dust at sea, and no danger of a misplaced switch.

Judge Mann says that "Lynchburg is the best governed city in the State." Has to be well governed or the people would fall down and hurt themselves.

The President will have another day at the Exposition, Georgia day, and as he will have as his theme the State of his mother, he ought to deliver the speech of his life.

They tell us that Expositions are never ready on opening day, but that's no reason that the Government wharf should not have been ready.

How do some folks always get their names in the personal columns of the daily papers? By observing the rule, "If you don't see what you want ask for it."

How about Douglass, the millionaire shoe man, for President? He is big dice seed and we haven't heard the "last" of it.

When Mr. Tead said that church influence for universal peace wasn't worth a row of pins, perhaps he was thinking of the choirs.

Deafness cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that we cannot cure by Hall's Catarrh Cure. Send for circulars free.

A Mineral Water that Defies Drugs
NATURE'S GREAT BLOOD TONIC

The recent drug exposures in this Country have proven to all that deadly poisons and stimulants are in many Patent Medicines. You never know when you might be taking some of that class.

Nature has made ample provision for restoring vigor and vitality to humanity, and the public, as well as doctors, resort to Natural Remedies, when all others have failed.

Are you troubled with **Dyspepsia, Nervousness, Malaria, Kidney or Bladder Trouble, Chronic Diarrhoea or Dysentery,** and above all, that dreadful disease **Scrofula,** which has almost baffled human skill, or **Diseases peculiar to Females?**

Piedmont-Bedford Concentrated Iron & Alum Water

Is Nature's Remedy for Nature's Ills. Yes, when you consider that disease comes from impoverished or run down conditions of the system, this Natural Mineral Water furnishes the system what it needs.

The analysis of this Water, shown on the bottle, tells you what **Nature thinks you should take when sick,** and the doctor who reads it will agree.

Do you think the grouping together in this Water of 17 different minerals, which are recognized by medical writers as **most powerful blood tonics,** could have been accidental? Reason answers, NO!

An 18-oz bottle of Piedmont-Bedford Concentrated Iron and Alum water contains all the minerals of 25 gallons of the average natural water—Then **why buy a barrel of water when you can get a bottle of minerals at the trivial cost of one dollar.** The dose is a teaspoonful in a glass of your own spring water.

How this Water acts upon the system is not clearly known. It is judged mainly by its works. It has cured all the diseases enumerated above, and many more, evidently through its action as a powerful **BLOOD TONIC.**

We have many valuable certificates, which we will be glad to mail, if you are interested.

THE TIMES.

WEDNESDAY, MAY 15, 1907.

Mr. Jesse Harvey is ill.

The farmers are planting corn in earnest.

Tobacco plants are large enough to set.

Mr. and Mrs. E. W. Taylor are visiting Preston.

Mr. and Mrs. L. E Smith are in Lynchburg.

Mr. and Mrs. Abner Gregory are visiting parents.

Mrs. M. C. Caldwell lost one of her horses this week.

Mr. and Mrs. Clement Hancock are in Boston this week.

Miss Sallie Abbitt and little Julia Abbitt are visiting here.

Mr. G. B Taylor will preach at Liberty next Sunday morning.

Mr. J. T. Cole is visiting his sick father in Pittsylvania county.

Miss Mollie L. Moore is visiting at the home of Mr. H. C. Babcock.

Mrs. Aubrey Fay, who has been very ill for sometime, is improving.

Mr. Walker Woolridge, after a severe spell of pneumonia, is convalescing.

The Lynchburg Crockery Co., carries all kinds of crockery and bric-a-brac.

Master Grover Cleveland Baker, of Texas, is visiting his sister, Mrs. E. Smith.

Mr. and Mrs. R. A. T. Clement, of Newport News, are visiting relatives in the county.

Mrs. J. W. Flood has returned to Norfolk, where she spent the winter with relatives.

The Presbyterian ladies realized about $27 dollars from their ice cream sale on court day.

Mrs. Dunnington and Mrs. Adams, daughters of Mr. J. Walton Kinney, were visiting relatives here Friday.

Mr. Chas. Patteson paid his father, Mr. J. H. Patteson, a visit this week. Mr. Patteson, who has been sick is out again.

Mrs. A. M. and A. B. Hackett returned to their home in Buckingham Friday after a month's visit to relatives in West Virginia.

Misses Stella and Bulah Caldwell, daughters of Mr. Wyllie Caldwell, of Campbell county, are visiting their uncle, Mr. M. C. Caldwell.

Mr. Chas. Taylor, who is working part of the Babcock farm this year, informs us that he has about 40,000 tobacco plants big enough to plant.

Mr. and Mrs. Howard Marshall left for their future home in Portsmouth, Ohio last Friday followed by the good wishes of a host of friends here.

The closing Exercises of the Spring Fork school will be held May 30th, at 7:30 p. m. at the school house. All are invited to be present.

Misses R. C. and R. T. Fleshman, the former of Bluefield, W. Va., and the latter of Richmond, Va., were visiting parents in the village this week.

Mr. A. H. Clement has just sold to Mr. and Mrs. Francis Ely, of Indiana, a part of the H. C. Babcock farm near this place. We are glad to have this excellent family located among us.

There will be services at Stonewall next Sunday at 11 o'clock a.m. and in the afternoon at Chestnut Mountain school-house (near Stonewall) at 4 o'clock by the pastor, Rev. S. K. Winn.

We notice from the Fayetteville Observer that little Josephine Smith, daughter of our former townsman, Mr. H. G. Smith, won two prizes at the May Festival held there last week. Little Josephine is two years old and pretty.

Circuit court is in session this week and will be in session all the week. The trial of the Fore darkey who killed his wife at Pamplin City, is before the court. Messrs. Franklin and Flood appear for the accused. Mr. Ferguson for the Commonwealth. There is a large crowd of witnesses in town.

Mr. Lewis Coleman fell from his lumber wagon Monday and one of the wheels passed over his leg. Dr. D. M. Robertson attended him and no serious results are expected. Fortunately for Mr. Lewis the huge wagon wheel struck a large rock which lightened the load over his leg.

Remember that the Woodmen of the World meet at Appomattox in their Hall on the first Friday night in each month.

Death came to the home of our townsman. Mr. W. M. Hancock last Thursday and claimed his infant child. The remains were interred at Liberty cemetery.

Walter C. Ingo, son of Jos W. Inge, a former well-known citizen of this county, but for the last 30 years a valued employee of the C. & O. Ry. at Richmond, shot at a young lady in that city Monday night, then turned the pistol upon himself and fired. While both parties are wounded it is thought they will recover, but Mr. Inge is dangerously ill. Mr. Inge also has an ill child in the hospital.

The commencement exercises of the Union Academy, Spout Spring, Va., will be held at the Academy building, Friday, May 17th. The musical department will give a recital from 4 to 6 o'clock in the afternoon, which will be followed by the evening's program beginning at 8 o'clock promptly. Friends and patrons of the school are cordially invited to be present.

The Appomattox telephone is about to be realized. This paper has worked in season and out of season for this enterprise. We are glad to say that it looks like we will soon be able to talk with Charlotte, Buckingham and Campbell counties. Mr W. A. Mores is the manager of the enterprise and poles are now being put in place about the village and on the route to Evergreen and Pamplin City.

A telegram was received here Tuesday to the effect that Fireman Percy I Spencer fell from his engine Monday night between Roanoke and Lynchburg, and had his arm badly mashed. Mr. Spencer is now in a Roanoke hospital, and the telegram was sent here for the purpose of locating and notifying the young man's parents. Mr. Spencer is a Buckingham boy, the son of the late B. F. Spencer, who resides near Toga. His uncle, Mr. W. H. Spencer, went up to Roanoke yesterday to look after him.

Horses continue to die; Mr J. R. Bingham is about to loose a second one this year. The wonder is that our farmers do not have the State Vetterinarian to come and see what the trouble is. Dr. Ferneyhugh should be summoned at once to see the Bingham horse, for evidently the malady which has been proving so fatal to many of our horses could easily be located and eradicated if the proper measures were promptly adopted. Dr. Ferneyhugh will no doubt come if wired to do so.

We call special attention to the advertisement of Mr. E. H. Cawthorn, Evergreen, Va., which appears in this issue. Mr. Cawthorn carries a large stock of fine goods and the public will remember that everything is new and therefore embraces the latest novelties and styles It is an opportunity to trade and get it cheap often. Read the advertisement and save money. Every article will be sold at cost and the business will be closed out.

The stockholders of the Farmers' Tobacco Warehouse, of Pamplin City will hold their annual meeting in that town on May 21st. The warehouse has had a prosperous year and the Pamplin tobacco market appears to be firmly established. Mr. Hindley, who conducts the warehouse and Mr. Hubard, the buyer for the American Tobacco Co., deserve, and have the thanks of our farmers generally and the stockholders of the warehouse Co., for the important part they took in the upbuilding of the market.

Soil Inoculation Investigations

During the season of 1906, several hundred crops of legumes were inoculated with cultures of nitrogen-fixing bacteria prepared in the Experiment Station Bacteriological Laboratory. The summary of the reports from these inoculations is as follows: Crops benefited by the inoculation, 76 per cent. Crops not benefited by the inoculation, 11 per cent. Crops on land which contained the bacteria, 13 per cent.

The number of crops benefited is not quite so large as in the season of 1905, which is probably due to the very wet weather which was general over the state. The average results for the two seasons of 1905 and 1906, is as follows: Crops benefited by the inoculation, 79 p-r cent. Crops not benefited by the inoculation, 9¼ per cent. Crops on land which contained the bacteria, 11½ per cent.

We have received many enthusiastic letters from farmers who have used the inoculation with signal success. Also, we have received letters from those who failed and were discouraged. We believe, however, that artificial inoculation is a success, provided fresh cultures from reliable sources are obtained and the proper methods pursued in preparing same. We do not advocate the abandonment of the old method of using inoculated soil, but recommend it. Where this is not convenient, and there is any doubt as to whether the proper bacteria for the intended crop are in the land, we recommend the use of the bacteria cultures. We do not believe that farmers should pay the retail prices charged by commercial firms for this material. The cost of preparing does not justify the price of from one to two dollars per acre. Farmers are advised to be very careful in purchasing this material from promiscuous sources. It should be fresh, and prepared by a competent bacteriologist who is equipped for the purpose. The Experiment Station will continue to supply the farmers in the state with cultures at 25 cents per acre so long as it does not interfere with the research work outlined for the Department of Bacteriology.

Buckingham Democrats.

The Democratic Committee at its meeting on the 13th decided to hold a primary for the nomination of its county and district officers.

Chairman Chappel will confer with the other Chairmen as to the date for holding the Senatorial primary. It is said there will be no opposition to the county officers. It is also said Mr. J. B. Gilliam will not stand for re-election on account of feeble health, but that his deputy, Mr. J. L. Anderson, will ask for Democratic nomination.

Some effort is being made to hold a senatorial convention, but the several chairmen will decide the matter. Judge Moss and Judge Hall are at work for the Legislature.

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

There is probably no medicine made that is relied upon with more implicit confidence than Chamberlain's Colic, cholera and diarrhoea Remedy. During the third term of a century in which it has been in use, people have learned that it is the one remedy that never fails. When reduced with water and sweetened it is a pleasant to take.

MONTOONA

is now standing at my farm three-quarters of a mile from Appomattox depot. I am attending to him myself this season and hope to give the people better service than they had last Spring. Montoona is not only a prize winner himself but has several colts that have won first prizes at Fairs and Horse Shows in all parts of the State. In breeding to Montoona you get a horse that has all the size you want for farm and they look up and drive good, and most of them are good saddlers; taking as a whole they make an ideal farm horse, and when you go the market to sell them they have reputation enough to sell themselves, and will always bring from twenty-five to fifty dollars more than a horse whose breeding is not known or that has none. I am not getting over half the money that the party from whom I got him charged, and there is not a horse in the State that has as good breeding that is standing for as small a sum. Any one wishing his pedigree can get it by dropping me a postal. I take pleasure in showing him to you at any time, as well as some of his colts.
